POLICY INTENTIONS

The Executive Board feels that the objective, in combination with the growing interest in mindfulness in general, constitutes a sound basis for the future of YOUth Move Foundation. A number of projects have already been identified that may be supported. The first contacts have been made with universities abroad and projects that they supervise and these will be expanded. In this way the Executive Board hopes to contribute to spreading the practice of mindfulness in a scientifically sound and enthusiastic manner, both in the Netherlands and abroad.

The Executive Board is convinced of the positive impact and the social importance of mindfulness and expects that the Foundation will be able to contribute to this in the coming years.
